

Essence: Sweet children, learn to have mercy for those who defame you, just as the Father has. Also make friends with those who defame you.

Question: What vision of the Father is firm? What vision do you children have to make firm?

Answer: The Father's vision of all souls being His children is firm. This is why He continues to say: "Child, child." You can never say: "Child, child" to anyone. You have to make your vision firm that that soul is your brother. See the brother, speak to the brother and there will be spiritual love through that; all *criminal* thoughts will end. Even those who defame you will become your friends.

Om shanti. The spiritual Father sits here and explains to you. What is the name of the spiritual Father? You would definitely say, "Shiva". He is the spiritual Father of everyone. He alone is called God. You children, too, understand this, numberwise, according to your efforts. When they speak of Akaashvani (sound from the ether), whose sound do they say comes from the ether? That of Shiv Baba. This mouth is called ether. All human beings make sound emerge from the element of ether (mouth). All souls have forgotten their Father. They continue to sing all types of praise, but they don't know anything. It is here that they praise Him. No one even remembers the Father at the time of happiness because all their desires are fulfilled. Here, they have many desires. When there isn't any rain, they create sacrificial fires. It isn't that by them creating a sacrificial fire, there will always be rain; no. Sometimes, there may be *famine* somewhere, and, even if they create a sacrificial fire, nothing happens through that. This is the *drama*. All the calamities that are to come will continue to come. So many human beings and so many animals continue to die. People are so unhappy. Is there a sacrificial fire for stopping rain? When there is torrential rainfall, they create a sacrificial fire. Only you now understand all of these things. No one else knows. The Father, Himself, sits here and explains to you. People praise the Father and they also defame Him. It is a *wonder*! When did they begin to defame Baba? When the kingdom of Ravan began. The main defamation is that they have called God omnipresent. It is because of this that they have fallen. It is remembered: Those who defame you are your friends. Who has defamed God the most? You children, and it is you children who now become friends. In fact, the whole world defames Him, but you are *number one* in that and then you become friends. The closest friends are the children. The unlimited Father says: You children have defamed Me, and it is you children who also insult Me. Look how the *drama* has been created! These things are knowledge which you have to churn. "To churn the ocean of knowledge" has so many meanings. No one can understand them. The Father says: You children study knowledge and then uplift others. It is also remembered: When there is extreme irreligiousness, I come. This refers to Bharat. Look what the play is like. People celebrate the birthday of Shiva and the night of Shiva. In fact, there is just the one Incarnation. People have said that the Incarnation is also in pebbles and stones. The Father complains about this. Those who study the Gita and read those versions also say that they don't know anything. Only you are the loveliest children of all. When Baba speaks to anyone, He continually says: Child, child. The Father's vision of all being His children has become firm: All souls are My children. There isn't a single one of you who would say, "Child, child". You know what status each one has and what each one is. All are souls. This *drama* is predestined and this is why there is no happiness or sorrow. All are My children. Someone would have adopted the body of a lower caste and someone of such and such caste. Baba has developed the habit of saying, "Child, child!" In Baba's vision all are souls. In that too, He loves the poor ones a lot because, according to the *drama*, they are the ones who have caused the most defamation and they have now come to Me. It is just Lakshmi and Narayan who are never defamed. People have defamed Krishna a lot too. It is a *wonder*. When Krishna became older, they didn't defame him. This knowledge is so interesting! No one can understand these deep things. A golden vessel is needed for this. That can only be created through the pilgrimage of remembrance. Even while sitting here, some don't have accurate remembrance. They don't understand that they are tiny souls. It is with your intellects that you have to remember Baba. It doesn't enter your intellects that such a tiny soul is our Father and also our *Teacher*. It becomes impossible for this to enter your intellects. You continue to say, "Baba, Baba!" You also remember Him at a time of sorrow. God speaks: Everyone remembers Me at times of sorrow. No one remembers Me in happiness. There is no need to remember Me at that time. Here, there is so much sorrow and calamities, that they remember Him and say: O God, have mercy! Give me blessings! Even now, when you have become children you write: Give me blessings! Give me power! Have mercy! Baba writes back: Claim power for yourself with the power of yoga! Have mercy and blessings for yourself! Give the tilak of

sovereignty to yourself! I show you the way to do that. The *Teacher* shows you the way to study. It is the *students'* duty to study and follow *directions*. A *teacher* is not a guru who would give you mercy and blessings. Those who are good children would come running. Each one is independent and can run as much as he or she wants. The pilgrimage of remembrance is the race. Each soul is *independent*. Baba also freed you from the relationship of brother and sister: consider yourselves to be brothers. In spite of that, the eyes do not stop being *criminal*; they continue to do their work. At this time, all parts of the human body are *criminal*. If anyone kicks someone or pushes someone, those are *criminal* parts. Every part of the body is *criminal*. There, no part will be *criminal*. Here, every part performs *criminal* actions. Which is the most *criminal* part of all? The eyes. When the desire for lust is not finished, they begin to use their hands. First of all are the eyes. This is why there is the story of Surdas (He plucked out his own eyes). Shiv Baba has not studied any scriptures. This chariot has studied them. Shiv Baba is called the Ocean of Knowledge. You understand that Shiv Baba does not pick up any scriptures. I am *knowledge-full*, the Seed. This is the world tree and its Creator is the Father, the Seed. Baba explains: My place of residence is the incorporeal world. At this time, I am present in this body. No one else can say: I am the Seed of this human world tree. I am the Supreme Father, the Supreme Soul. No one else can say this. If someone were to tell a *sensible* person that God is omnipresent, he would instantly ask: Are you God? Are you Allah? This cannot be. However, no one is *sensible* at this time. They don't know about Allah, and so they say: I am Allah. In English, they say: *Omnipresent*. If they were to understand the meaning of this, they would never say it. You children know that Shiv Baba's jayanti (birth) means the jayanti of the new world. Purity, peace and happiness are all included in that. Shiv Jayanti is Krishna Jayanti, which is also Dashera Jayanti. Shiv Jayanti is also Deepmala Jayanti. Shiv Jayanti is also the birth of heaven. All the births come together. The Father sits here and explains all of these new things. Shiv Jayanti means the birth of the temple of Shiva and death of the brothel. The Father explains all new things to you. Shiv Jayanti means the birth of the new world. People want there to be peace in the world. No matter how well you explain to them, they don't awaken; they are sleeping in the darkness of ignorance. They continue to perform devotion and come down the ladder. The Father says: I come and grant salvation to everyone. The Father explains the secrets of heaven and hell to you children. You should write to the newspaper journalists who defame you: Those who defame us are our friends. We will also definitely grant you salvation - insult us as much as you want. People defame God and so what does it matter if they defame us? We will definitely grant you salvation. If you don't want it, we will catch hold of you by the nose and take you with us. There is nothing to be afraid of. Whatever you do now, you also did in the previous cycle. We *BKs* grant salvation to everyone. You should explain to them very well. You children forget that innocent women were assaulted even in the previous cycle. The Father says: All the unlimited children defame Me. It is the children who are My friends who are loved the most. Children are flowers. Parents kiss their children. The father places them on his head and serves them. Baba also serves you children. You have now received this *knowledge* which you will take with you. Those who don't take it; that is their *part* in the *drama*. They will play that *part*. They settle their karmic accounts and go back home. They cannot see heaven. Not everyone will see heaven. This *drama* is predestined. People commit a lot of sin and will come later. Those who are tamopradhan will come much later. The significance of this has to be understood very well. There are bad omens over even very good maharathi children, and so they quickly get angry and then they don't write any letters. Baba also says: Stop sending them the murli! What is the benefit of giving the Father's treasures to such children? Then, if someone's eyes open, he says: I made a mistake. Some are not bothered about this at all. One shouldn't be so careless. There are many who don't even remember the Father. They don't make anyone the same as themselves. Otherwise, they should write to Baba: Baba, I remember You at every moment. Some are such that they write everyone's name: Give my remembrance to so-and-so. That is not real remembrance. Falsehood cannot continue. Their consciences will continue to bite. Baba explains very good *points* to you children. Day by day, Baba continues to explain very deep things to you. Mountains of sorrow are to fall. There will be no mention of sorrow in the golden age. It is now the kingdom of Ravan. The King of Mysore has an effigy of Ravan made and celebrates Dashera a great deal. They call Rama God, but Rama's Sita was abducted. If he is the Almighty Authority, how could anyone steal anyone from him? All of that is blind faith! There is the rubbish of the five vices in everyone at this time. To say that God is omnipresent is a great lie. This is why the Father says: Whenever there is extreme irreligiousness, I come. I come and establish the land of truth and the true religion. The golden age is called the land of truth and the iron age is called the land of falsehood. The Father is now making the land of falsehood into the land of truth. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to understand this deep and interesting knowledge, make your intellect into a golden vessel with the pilgrimage of remembrance. Run the *race* of remembrance.
2. Follow the Father's *directions*, study with attention, have mercy and blessings for yourself. Give yourself the tilak of self-sovereignty. Consider anyone who defames you to be your friend and also grant him salvation.

Blessing: May you be *double light* by surrendering everything to the Father and remaining loving and detached like a lotus flower.

To belong to the Father means to give all your burdens to the Father. The meaning of being *double-light* is to surrender everything to the Father. Even this body is not mine. Since even this body is not mine, what else would be mine? All of you promised: This body is Yours, this mind is Yours and this wealth is Yours. When you say that everything is Yours, then what would there be a burden of? Therefore, keeping the example of a lotus in your awareness, remain constantly loving and detached and you will become *double light*.

Slogan: Only those who finish bossiness with spirituality and melt away the awareness of their bodies are true Pandavas.
